

2. Mr. Briggs puts food for the class party on a rectangular table. The table has a perimeter of 18 feet and a width of 3 feet.
- Estimate to draw the table, and label the side lengths.
 - What is the length of the table?
 - What is the area of the table?
 - Mr. Briggs puts three of these tables together side by side. What is the area?

**Lesson 28:**

Solve a variety of word problems involving area and perimeter using all four operations.
